# Return-to-Work Rehabilitation

## Getting injured employees back to work

Getting injured employees back to work is the goal of DMC Rehabilitation Institute of Michigan's (RIM) Return-to-Work Rehabilitation Program. As providers in rehabilitation, our experienced treatment team of physical and occupational therapists work with each employee, along with his or her case manager and insurance company to achieve measurable results.

Our physicians and therapists provide seamless care for patients from the day of injury to return to work. Services include:

- Functional capacity evaluation
- Work hardening
- Work conditioning
- Ergonomic evaluation
- Job site analysis
- Job coaching
- Light duty job consultation
- Post offer lift testing
