25 Years

PHYSICAL THERAPY CARVE OUT

As an employer in Michigan, you have the flexibility to choose your service providers. You can choose to separate physical therapy from your occupational health program.

WHY CHOOSE TEAM REHAB?

We have established Work Comp Best Practices to ensure consistency across our clinics. Effective communication is a vital component of these practices, fostering genuine partnerships with our referral sources. With the inability to self-refer, we can assist in reducing your physical therapy utilization and ultimately save you money. We take pride in our 99% patient satisfaction rating, which is achieved through our tailored patient programming. Additionally, we provide a range of employer services designed to prevent injuries before they occur.

ADDITIONAL ADVANTAGES

- INITIAL EVALUATIONS WITHIN 48 HOURS
- NATIONALLY RANKED OUTCOMES
- 58 CONVENIENT LOCATIONS
- DEDICATED WORK COMP TEAM
- IN ALL MAJOR NETWORKS

LIFTING RESTRICTIONS? NON-WEIGHT BEARING? PATIENT LIVE ALONE?

Entech Medical Staffing provides Skilled Nursing and In-Home care specifically for patients recovering from work related injuries.

Restrictions can make it difficult for patients to manage self-care and maintain their home. Entech offers short term staffing until restrictions are lifted. These services are commonly used following a rotator cuff repair, ACL reconstruction, knee replacement and many more procedures.

Our team works with highly accredited Nurse Case Managers, Therapists and Physicians to direct and promote care to achieve optimal rehabilitation and independence.
